

Peru customized lithium battery pack

Does Peru produce lithium batteries?

“We have a lot of reserves and we think this is an opportunity and a challenge to carry out (lithium) extraction and value-added production,” Chavez said. To be sure, Peru currently produces no lithium and no country in Latin America produces lithium batteries at a commercial scale even if they do mine lithium.

Is a custom battery pack better than a lithium-ion battery pack?

In some instances, a custom NiMH battery pack or custom alkaline battery pack may perform better than a lithium-ion battery pack, while keeping your costs lower. When involving our team of engineers early on in the design process, we can help assist you in choosing the proper custom battery solutions for your needs.
