Which solar inverter is best?

CNET experts have compared the most popular solar inverters' specs, warranties, prices and more. The SolarEdge Home Wave Inverter is our top pick in 2025. It was the most efficient inverter we looked at, letting you use a larger percentage of the energy your solar panels generate. This translates to less and more power to use around the house.

Which solar inverter should I buy in 2025?

Every solar system needs some kind of inverter to convert sunlight into usable electricity. CNET experts have compared the most popular solar inverters' specs, warranties, prices and more. The SolarEdge Home Wave Inverter is our top pick in 2025.

Which solar inverter brands work with different solar panels?

While this is true for some, most inverter brands are designed to work with various solar panel models. Leading solar panel manufacturers include JA Solar, Canadian Solar, Trina Solar, Longi Solar, and First Solar. Several essential factors should be considered when choosing a solar inverter and panel system.

What is the best solar inverter app?

SolarEdge's app also has the highest user review scores of any other inverter apps we've seen. This SolarEdge inverter comes with a 12-year limited warranty, with an option to extend it to 20 or 25 years at an additional cost. The best way to describe Tesla's solar products is 'well-rounded'. The same holds true for Tesla's solar inverter.

Who makes the best solar string inverter?

We review the best grid-connect solar inverters from the world's leading manufacturers Fronius, SMA, SolarEdge, Fimer, Sungrow, Huawei, Goodwe, Solis and many more to decide who offers the highest quality and most reliable solar string inverters for residential and commercial solar.

Is SolarEdge a good inverter?

SolarEdge Home Hub Inverter SolarEdge is a fan favorite, and the Home Hub is their 2025 all-star. It's a string inverter, but here's the twist: each panel gets a power optimizer, boosting output like a microinverter without the full price tag. Available in 3.8 kW to 11.4 kW sizes, it's ready for small homes or big energy hogs.
